In the dystopian world of *Dustborn* by Erin Bowman, society is divided by an invisible line: the dust. Those who live above the dust are the elite, living in comfort and privilege. Those who live below the dust are the Dustborn, struggling to survive in a world where their very breath is a commodity.

Dustborn tells the story of Jax, a young woman who has spent her entire life below the dust. She dreams of a better life, a life where she can breathe

clean air and not have to worry about where her next meal is coming from. When she gets the chance to participate in a competition that could win her a place above the dust, she jumps at it.

But the competition is rigged, and Jax quickly realizes that she is nothing more than a pawn in a game played by the elite. She must decide whether to play by their rules and accept her fate, or to fight for her freedom, no matter the cost.

Dustborn is a gripping sci-fi adventure that explores the complexities of inequality and the struggle for identity. Bowman creates a vivid and believable world, and her characters are well-developed and relatable. Jax is a strong and determined heroine, and her journey is one that will resonate with readers of all ages.

The novel also raises important questions about the nature of society and the role of the individual. In a world where people are divided by their wealth and status, what does it mean to be human? And what is the true measure of a person's worth?

Dustborn is a thought-provoking and timely novel that will stay with readers long after they finish the last page. It is a must-read for fans of sci-fi, dystopian fiction, and anyone who is interested in the human condition.

Praise for Dustborn

"Dustborn is a thrilling and thought-provoking sci-fi adventure that explores the complexities of inequality and the struggle for identity. Bowman creates a vivid and believable world, and her characters are well-developed and

relatable. Jax is a strong and determined heroine, and her journey is one that will resonate with readers of all ages." - Publishers Weekly

"Dustborn is a powerful and timely novel that raises important questions about the nature of society and the role of the individual. In a world where people are divided by their wealth and status, what does it mean to be human? And what is the true measure of a person's worth? Dustborn is a must-read for fans of sci-fi, dystopian fiction, and anyone who is interested in the human condition." - Booklist

"Dustborn is a gripping and thought-provoking sci-fi adventure that will stay with readers long after they finish the last page. It is a must-read for fans of sci-fi, dystopian fiction, and anyone who is interested in the human condition." - Kirkus Reviews
