By Ron Haslam

In December 1968, the world watched in awe as Apollo 8 became the first manned mission to orbit the Moon. This daring and unprecedented journey was a major turning point in the space race, and it paved the way for the historic Apollo 11 moon landing just seven months later.

In *Rocket Men*, acclaimed author Ron Haslam tells the gripping story of the Apollo 8 mission, from its inception to its triumphant . Drawing on extensive research and interviews with the astronauts themselves, Haslam provides a vivid and intimate account of the challenges, dangers, and triumphs of this groundbreaking expedition.

At the heart of *Rocket Men* are the three brave astronauts who made up the Apollo 8 crew: Frank Borman, Jim Lovell, and Bill Anders. These men were not only skilled pilots and engineers, but also visionaries who understood the importance of their mission. They were determined to push the boundaries of human exploration and to inspire the world with their daring.

Haslam's writing is both suspenseful and deeply moving. He captures the excitement and wonder of the Apollo 8 mission, as well as the personal sacrifices made by the astronauts and their families. *Rocket Men* is a must-read for anyone interested in space exploration, the history of the space race, or the human spirit of adventure.
